Frequently Asked Question

General Information

How will FundedFirm help me as a trader?

FundedFirm provides you with trading capital so you can grow without risking your own funds. You keep up to 100% of the profits as you advance. With fast payouts, fair rules, and dedicated support, we help you focus entirely on your performance.

How does Fundedfirm's funded account programs work?+

We offer a challenge-based program where you prove your trading skills by completing one or two evaluation phases. Once you meet the profit targets and follow our risk rules, you receive a funded account and trade with our capital. You keep up to 100% of the profits as you grow with us.

What are the benefits of trading with Fundedfirm?

- Access to up to \$100K in trading capital
- Transparent rules and fair risk parameters
- No restrictions on news trading
- Fast payouts with profit share starting at 90%, scaling up to 100%
- Access to up to 1:100 leverage and MT5 access
- Multiple payment options including UPI

How do I apply for a funded account with Fundedfirm?

Visit our website, signup then choose your preferred challenge model and account size, and complete the form. After paying the challenge fee, you'll receive login credentials to start your evaluation. Once you pass, you'll be upgraded to a funded account.

What are the evaluation phases for a funded account

We offer both a step 1 and step 2 account, with one and two evaluation phases respectively. For more details, feel free to check our rules page.
